California Women's List Endorses Lorena Gonzalez for Assembly District 80

Los Angeles -- In December 2019, California Women's List (CWL) was proud to announce their endorsement of Lorena Gonzalez for Assembly District 80.

"With our access to reproductive health care and our right to equal pay under assault by this White House, it's more important than ever to elect strong women to serve in every public office from Congress to the Statehouse to City Hall. I am so grateful to feel that support from California Women's List as I join with so many other strong candidates to uphold the California Dream for women in all communities." said Gonzalez.

"Assemblymember Gonzalez has been a tireless public servant for the people of California. She has authored ground-breaking legislation to guarantee paid sick leave for workers and create automatic voter registration, among other initiatives. She is a fierce advocate for the women of California, co-authoring the toughest rules in the nation to close the gender pay gap. We look forward to her continued service in Sacramento," said Elise Weinberg, Vice President of California Women's List.

California Women's List is a Political Action Committee dedicated to fundraising for, supporting, and electing pro-choice, Democratic women to office in California. California Women's List is building a future of equal representation for women in our state government. California Women's List is committed to giving their endorsed candidates financial support, in addition to the tools that they need to fundraise and win in California.

To support the mission of equal representation in California government, California Women's List envisions empowering and organizing a robust network of donors who are actively engaged in fundraising and supporting pro-choice, Democratic, female candidates for office in California.
