California Women's List Endorses Kathy Miller for Assembly District 13

Los Angeles -- California Women's List (CWL) is proud to announce their endorsement of Kathy Miller for Assembly District 13.

"It is an honor to receive the support of the California Women's List," said Kathy Miller. "We are faced with tremendous challenges that will require steady leadership and a tireless voice for our families, seniors, working men and women, and others. I look forward to working with the California Women's List and others to advance priorities that improve the lives of these and all Californians."

"The California Women's List proudly endorses Kathy Miller for State Assembly," said Emily Zahn, Board President of California Women's List. "For too long, women have not had gender parity in the state legislature, with only 31.7% of all legislative seats represented by women. Not only is Kathy Miller an experienced leader, she will bring the insight we need to critical issues facing California – from improving access to healthcare to providing quality education, access to affordable college and ensuring safe and prosperous communities. Now more than ever, we need someone with Kathy's know-how to represent us in the State Assembly."

California Women's List is a Political Action Committee dedicated to fundraising for, supporting, and electing pro-choice, Democratic women to office in California. California Women's List is building a future of equal representation for women in our state government. California Women's List is committed to giving their endorsed candidates financial support, in addition to the tools that they need to fundraise and win in California.

To support the mission of equal representation in California government, California Women's List envisions empowering and organizing a robust network of donors who are actively engaged in fundraising and supporting pro-choice, Democratic, female candidates for office in California.
